ELECTION OFFICER
ON THE RESULTS OF THE IBT
1996 INTERNATIONAL
OFFICER VOTE COUNT**

REPORT FROM THE ELECTION OFFICER ON THE RESULTS OF THE 1996 INTERNATIONAL OFFICER VOTE COUNT

THE 1996 ELECTION OF TEAMSTER INTERNATIONAL OFFICERS HAS NOT BEEN CERTIFIED AT THIS TIME. THIS REPORT OF THE VOTE COUNT IS BEING PRINTED BY THE IBT PURSUANT TO THE REQUIREMENT SET FORTH IN THE SUPPLEMENTAL RULES FOR THE 1996 IBT INTERNATIONAL OFFICER MAIL BALLOT ELECTION.

The results of the vote count in the 1996 election of International officers are printed in the following report. The results are given for the Union as a whole, each Region, and each of the Local Unions.

The count of unchallenged ballots in the 1996 election of International officers concluded on December 14. At that time, the margin for several candidates was less than the number of challenged ballots. Therefore, the Election Officer held a series of supplemental counts on December 16-18, 1996 (Supplemental Count I), January 8-10, 1997 (Supplemental Count II), January 29-31, 1997 (Supplemental Count III), and February 27, 1997 (Supplemental Count IV). In order to preserve the secrecy of the voters, the Election Officer counted resolved challenged ballots by Region, rather than by Local Union.

Pursuant to Supplemental Rules for the 1996 IBT International Officer Mail Ballot Election ("Count Rules"), a recount was requested and held on March 24-27, 1997. Ballots were again counted by Local Union and the ballots counted by Region during supplemental counts were again counted in the same groupings: Supplemental Counts I, II, III and IV. The winning candidates remained as previously announced.

The results printed in this report are taken from the Local Union and Supplemental Count tallies produced at the March, 1997 recount. Challenged and void ballots reported for Local Unions are from the original December, 1996 tallies. In certain instances where investigation uncovered errors in the original reporting of challenged and void ballots, the corrected numbers are reflected in this report. The union-wide results reports the total number of challenged and void ballots at the conclusion of the challenged ballot resolution process on February 27, 1997.

The results are being printed by the IBT at this time pursuant to the requirement set forth in the *Count Rules* (Article VI, Section 10). The Election Officer cannot make a determination on certification of the election until the completion of the post-election protest and appeals process. **As of this date, post-election protests are under investigation and the election has not been certified.**

Dated: May 30, 1997

Barbara Zack Quindel
Election Officer
